

CLONMEDTM

BY JUPITER HEALTH CARE

RANGE OF **SURGICAL GOODS**

1. CLONMED SKIN STAPLER

2. CLONMED CIRCUMCISION STAPLER

3. CLONMED HERNIA TACKER

4. CLONMED HEMORRHOID STAPLER

5. CLONMED DISPOSABLES TROCARS

6. CLONMED CIRCULAR STAPLER

7. CLONMED CAUTERY PENCIL DISPOSABLE

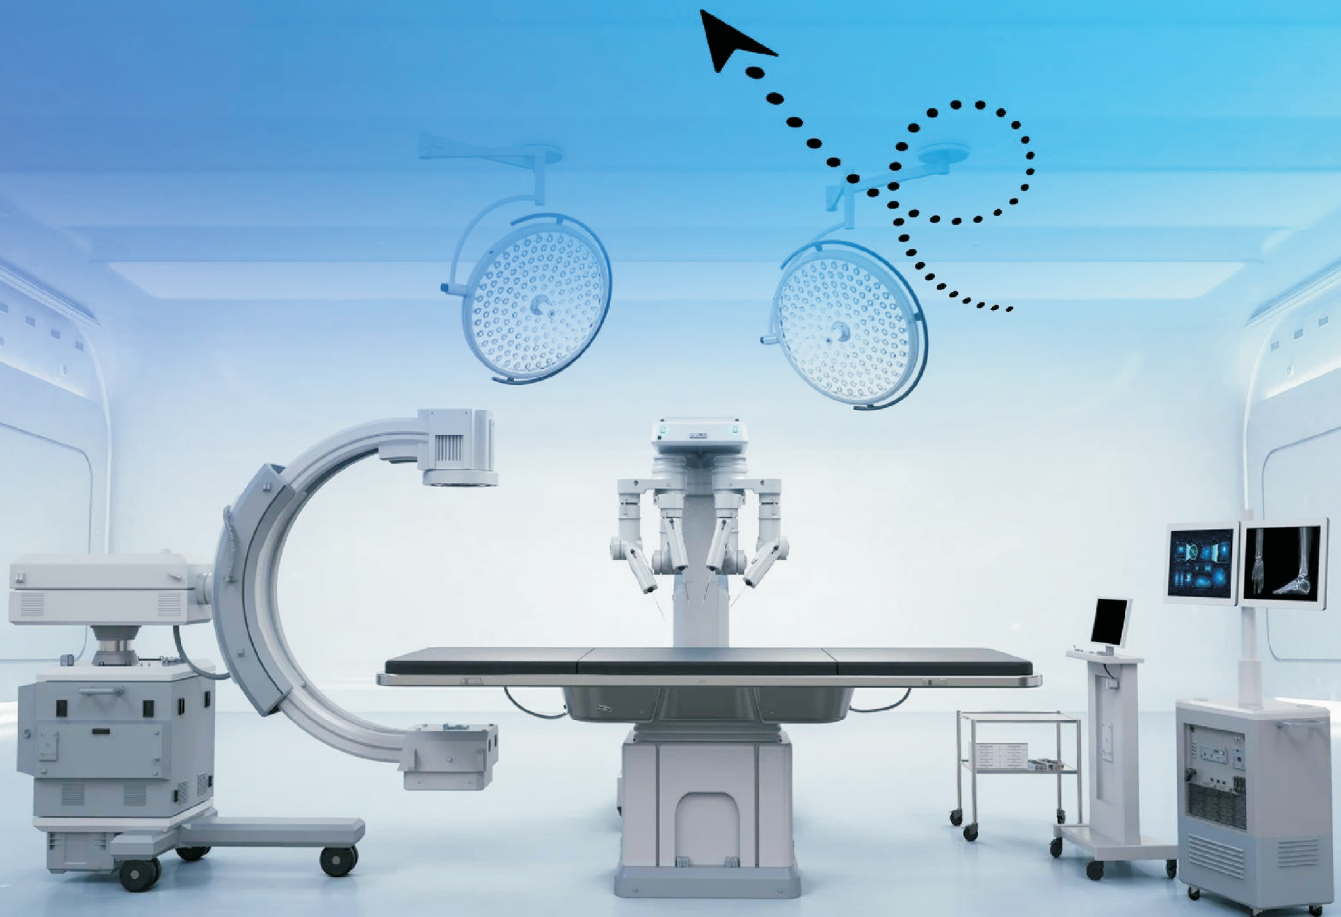

8. CLONMED LIGA LOCK (POLYMER CLIP)

9. CLONMED SMART - 60 (ENDO STAPLER)

10. CLONMED SMART - 60 (ENDO CARTRIDGE)

11. CLONMED BIPLOAR FORCEPS

12. CLONMED LIGA LOCK (APPLIER)

CLONMED™ PATH

DISPOSABLE TROCARS

An Access System that enables hassle-free laparoscopic access and allows you to focus solely on your patient with a simple twisting motion, the bladeless tip separates the tissues, rather than cutting it. The result is a smaller wound, lesser trauma and easier closure.

AVAILABLE SIZES

- 5mm 100mm
- 10mm 100mm
- 12mm 100mm
- 15mm 100mm

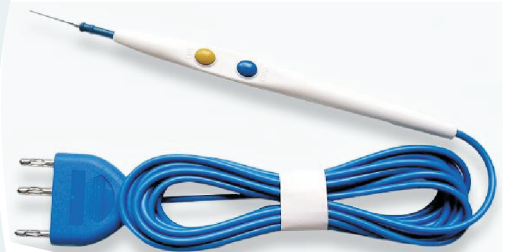

CLONMED™ CAUTPEN

CAUTERY PENCIL

Electrosurgical pencils, also known as **CAUTERY PENCILS** are used during electrosurgery procedures. They are used to cut biological tissue and control bleeding through Radio Frequency Alternating Current (RFAC).

AVAILABLE SIZES

- Sterility is guaranteed unless package is damaged or seal is broken.
- This is a monopole active instrument. Before use, a dispersive electrode must be properly applied to patient.
- Production and expiration dates are on the bag.

CLONMED™ BIPOLAR FORCEP

REUSABLE
BIPOLAR
FORCEPS

SATISFACTION GUARANTEE:-

We are standing behind our Brand products with quality. If you are choosing **CLONMED™ BIPOLAR FORCEP**. It means you are choosing long-lasting, durable surgical equipment because this product is built with superior Titanium.

CLONMED™ CIRULAR

DISPOSABLE
CIRCULAR
STAPLER

Especially Suitable for difficult to expose site anastomosis, such as pelvic anastomosis, transabdominal high anastomosis, thoracotomy anastomosis.

AVAILABLE SIZES

- CLONMED CIRCULAR -26
- CLONMED CIRCULAR -29
- CLONMED CIRCULAR -32

CLONMED™ LIGA-LOCK

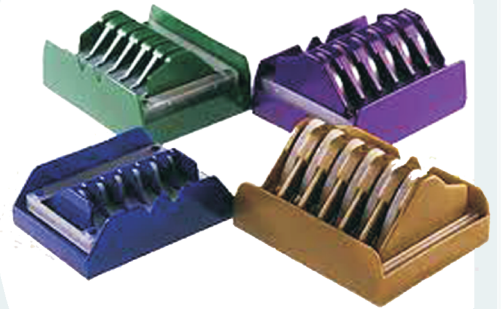

POLYMER LIGATING CLIPS

APPLICATION:-

Polymer ligating surgical clips are manufactured using high quality materials. Intergated teeth on the polymer clip ensures secure ligation of tubular structures.

AVAILABLE SIZES

- MEDIUM (Green)
- LARGE (Purple)
- EXTRA LARGE (GOLD)

CLONMED™ 35W

SKIN STAPLER

ADVANTAGES:-

- Visible transparent cartridge
- Gentle click Firing
- Ergonomically Designed with comfort Grip Handle
- No jamming Technology

Product Details:

Staple material : 316L Stainless Steel
Sterilization : Ethylene Oxide
Packaging : 10 pcs/Box
Size : 35W
Staplers : Regular

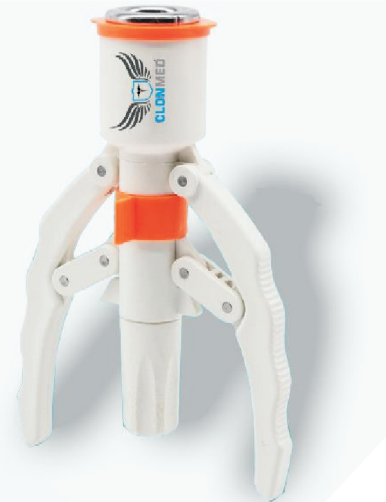

CLONMED™ 1001

CIRCUMCISION DEVICE

Available Sizes:

CLONMED™ 1001 - 12
CLONMED™ 1001 - 15
CLONMED™ 1001 - 18
CLONMED™ 1001 - 22
CLONMED™ 1001 - 26
CLONMED™ 1001 - 30
CLONMED™ 1001 - 32
CLONMED™ 1001 - 34

CLONMED™ PPH

HEMORRHOID STAPLER

Available Sizes:

- 32 mm & 34 mm Diameter

Outer Diameter	Inner Diameter	Staple	Height	Formed Height
32mm	24mm	32	4.0mm	0.8mm - 2.0mm
34mm	26mm	34	4.0mm	0.8mm - 2.0mm

CLONMED™ SMART - 60

ENDOSCOPIC LINEAR CUTTER

APPLICATION:-

Endoscopic Linear Cutter is a single-use instrument that places two triple-staggered, height-progressive rows of titanium staples and simultaneously divides the tissue between the two triple rows. The rotating and articulating reload has a stepped cartridge face having varied-height staples. The reload comprises a complete assembly of a cartridge, anvil and knife bar. The instrument is used with a 12mm trocar (15mm for thicker tissue) in endoscopic surgical procedures.

AVAILABLE SIZES

- CLONMED SMART -60 STAPLER XL
Endoscopic Linear Stapler 60mm
- CLONMED SMART BLUE-60
Endoscopic Linear Cutter 60mm Articulating Reload for Medium/Thick Tissue
- CLONMED SMART GREEN-60
Endoscopic Linear Cutter 60mm Articulating Reload for Extra-Thick Tissue
- CLONMED SMART PURPLE-60
Endoscopic Linear Cutter 60mm Articulating Reload for Extra-Thick Tissue

CLONMED™ TACK - 20

LAPAROSCOPIC HERNIA TACKER

Non-Absorbable Mesh Fixation Device for Laparoscopic Hernia Repair

Features -

- Needleless fixation
- Comfortable handle
- Superior ductility & fracture toughness
- Trusted helical design spike for strong hold
